## CONDITIONS AND REGULATIONS

- 1) DEADLINE DATE: Your order must be received by the Donald E. Stephens Convention Center no later than 15 days before opening day to insure installation in time for the opening of the show. A 50% penalty on basic charges will apply on orders received after the deadline date. Saturdays, Sundays and holidays are not included in this 15 day period.
- 2) Wall, column, and permanent utility outlets are not to be used by the exhibitor and are not part of the booth space.
- 3) All lighting displays, electrical appliances, motors, and other types of electrical equipment must be wired to meet national, state and local codes.
- 4) Motors 3/4 H.P. and over must be equipped with a safety switch as a point of disconnect and overload protection.
- 5) All equipment and material must use 3-wire grounded type cord. All exposed non current carrying metal parts of fixed equipment, which are liable to be energized, shall be grounded.
- 6) Use of open clip sockets, latex or lamp cord wire, duplex or triplex attachment plugs in exhibits are prohibited.
- 7) Claims will not be considered unless filed in writing by the exhibitor by the close of the Exhibition.
- 8) Prices based upon current wage rates, and are subject to change without notice.
- 9) Under no circumstances shall anyone other than house electricians make electrical connections.
- 10) Installing of ball lights, hanging of electrical headers, any other type of electrical fixtures, special wiring (motor or control wiring) etc., must be done by house electricians.
- 11) Electrical power for lights and displays will be turned on 1 hour prior to show opening time, and off at show closing time daily. If power is required before or after, special arrangements must be made at least 2 hours in advance.
- 12) The Chief Electrician has the power to refuse connection where wiring constitutes a fire hazard.
- 13) All material and equipment furnished by the Convention Center of this service order shall remain its property and shall be removed by the Convention Center after the close of the show.
- 14) Rates quoted for all connections cover only the bringing of service (unless otherwise noted) to the booth in the most convenient manner and does not include connecting equipment or special wiring.
- 15) All equipment must be properly tagged and wired with complete information as to type of current, voltage, phase, cycle, horsepower, etc.
- 16) Exhibitors must check in at the electrical service desk before assembling their exhibits requiring electrical power or labor.
- 17) Cancellation or change of electrical requirements could result in a 50% penalty charge. Changes in original order must be submitted in writing.

## ELECTRIC SERVICE FOR EXHIBITS AT THE DONALD E. STEPHENS CONVENTION CENTER

Electrical requirements for an exhibit at the Convention Center are based on codes developed by local and national organizations whose professional responsibility is for the safety of all exhibitors and visitors.

Too frequently, fires have been traceable to faulty wiring sometimes because of carelessness and sometimes because of lack of understanding of the risks involved.

In the interest of public safety, every exhibit presented in the Convention Center is carefully inspected to determine if violations exist. If they do, qualified electricians are available to correct the problem. This work will be performed on a time-and-material basis. If the exhibitor does not wish to have the fault corrected, electrical service will not be connected.

If an exhibitor is not informed or does not understand basic safety standards for electrical wiring, an electrician should be consulted before shipment is made to the Convention Center.

## SAFE WIRING IS ESSENTIAL

Donald E. Stephens Convention Center is responsible for the total electrical distribution systems and the linking of all electrical items in an exhibit with the power services of the building.

Serious risks are involved which can be reduced with accurate understanding of basic requirements. Safe wiring inside an exhibit is essential.

Wiring that touches the floor must be "SO" cord which is insulated to qualify for "extra hard usage." Cord wiring above the floor level can be "SJ" which is rated for "hard usage."

All flexible cords shall be 3-wire unless the cord is a component part of an assembly which is specifically approved.

The use of open clip sign sockets, latex or lamp cord wire in displays, duplex or triplex attachment plugs are prohibited by order of the Rosemont Fire Department and Electrical Inspection Department.

All electrical equipment and wiring requires evidence of testing and approval by a nationally recognized testing laboratory.

Spot or flood lighting is a hazard when lamps are too close to fabrics or other material which may be affected by heat.

The Convention Center electrical services offer extension cords, spiders and plug molds which provide safety approved multiple plug in capacity.

All material and equipment furnished by the Donald E. Stephens Convention Center will remain the property of the Authority. Toxic gases and objectionable odors must be properly vented. Additional material & labor will be charged accordingly. No L.P. gas, oxygen, or hydrogen will be permitted within the facility without prior approval of the Authority and the Rosemont Fire Department. Prices are based upon the service requested being located in the designated utility areas. Exhibitor should confirm his order upon arrival at the Exhibitor Service Desk. Air fittings are Parkers Series 20.

**PLUMBING SERVICE RATES**

All work done after 4:00 p.m. Monday thru Friday and all day Saturday & Sunday will be charged at the double time rate.  
Minimum charge of 1/2 hour for all work done. Straight Time: \$129.00/hr • Double Time: \$258.00/hr.

**COMPRESSED AIR**

Exhibitor should supply own regulating filter or other equipment to handle moisture or water in air line. Service includes main drop and dismantle of main line. Compressors run during set-up Mon-Fri 8-4 and all show hours. If 24 hour service is required, please contact customer service for a quote.  
ALL DROPS ARE FROM THE CEILING.

**Use the squares to indicate the dimensions of your booth size.  
Mark where you need your plumbing service.**

A blank grid for a floor plan. The grid is 20 units wide and 10 units high. A central aisle, 2 units wide, runs vertically through the middle. Two side aisles, each 1 unit wide, run horizontally along the top and bottom edges. The remaining space is divided into 16 rectangular booths, each 4 units wide and 2 units high, arranged in two rows of eight.

Company Name: \_\_\_\_\_ Booth Size: \_\_\_\_\_

- 1) All material and equipment furnished by the plumbing contractor for these service orders shall remain plumbing contractor property and shall remain plumbing contractor property and shall be removed ONLY by plumbing personnel at the close of the show.
- 2) Wall, column and permanent building utility outlets are not a part of booth space and are not to be used by exhibitors.
- 3) All equipment must comply with state and local safety codes.
- 4) Prices are based upon current wage rates and are subject to change without notice.
- 5) Exhibitors are encouraged to make their booth connection within their booth. The standard connector, compressed air outlets is a Parker Series 20 Industrial male quick coupling. The standard connector for water is a Parker high flow coupling BST-4 for a 1/2" line and a male flare for 3/8". However, no modifications to facility system or equipment is allowed. Exhibitors who are in violation of this will be charged an hourly service charge to repair system or equipment.
- 6) Special equipment requiring company engineering or technicians for assembly, servicing, preparatory work and operation may be executed without the presence of the plumbing contractor personnel. However, plumbing personnel must make the service connections to such equipment.
- 7) Equipment using water must have inlet and outlet properly marked and identified.
- 8) Plumbing service rates listed cover bringing service from main line to booth and do not include connecting equipment. Standard placement for compressed air, water, drain are in the back of the booth. For Island booths plumbing service will be placed in the center of the booth (or at our discretion) unless we receive a floor plan indicating the main location where you require your services.
- 9) Due to the portable nature of the air lines at the Donald E. Stephens Convention Center, we recommend that exhibitors supply their own filter or other equipment to limit the moisture or water in lines.
- 10) All drops include up to ten feet (10') of accomplished distance. Use of any Donald E. Stephens Convention Center hose under rugs will have a rental charge by the foot, and plumbing personnel only at the prevailing labor and material rates will install all hose under carpet.
- 11) Any of your plumbing services that require electric labor to connect and/or operate, should be ordered on the "Electrical Services Order Form" such as; pumps, ejectors and water heaters.
- 12) All work performed within a booth attaching lines to equipment, running hose under carpet and relocating drops will be charged on a time and material basis, in addition to service requested.
- 13) Labor between the hours of 8:00 am and 4:00 pm Monday - Friday will be at the straight time rate. Labor before 8:00 am and after 4:00 pm Monday - Friday, all day Saturday, Sunday and Holidays will be at the double-time rate.
- 14) Compressed Air operation will be one hundred pounds per square inch (100 psi) one (1) hour prior to and after the show hours. Compressed Air operation for set up, will be EXHIBITOR SET UP TIME. If Compressed Air is required, after hour arrangements with the plumbing department is required.
- 15) There will be a 50% cancellation charge on all cancelled orders.

All water fills and pump outs will be completed by the D.E.S. plumbing department. Plumbing labor to fill tank(s) will not be dispatched without the exhibitor notifying the R.E.S. Service Center that tanks are completely set up and ready for filling. When a D.E.S. plumber has completed filling the tanks, you will automatically be placed on the "Pump Out List". Under no circumstances should you drain and dump the water. **Fill and drain rates listed out include fills on straight time only.** Fills after 4:00 pm. weekdays, holidays and anytime on weekends, will incur an additional labor charge. Additional labor will not be charged for post show draining. Multiple units in the same booth, filled at the same time, will be charged based on the total combined gallons used. Draining and refilling during set up and/or show hours will incur additional charges for water and labor.

## TERMS AND CONDITIONS

- 1) Order forms and payment must be received prior to the scheduled event opening to ensure prompt order processing. Company Checks must be made payable to Rosemont Exposition Services. Personal checks will not be accepted. Booth numbers or locations must be identified on the face of the Internet & Telecommunications Order Form. Incomplete information will delay processing.
- 2) Rates listed for all connections include bringing the service to the booth in the most convenient manner, and do not include computer equipment unless ordered or intranet working cabling. Pricing for services is per location, defined as an individual booth, meeting room, ballroom or lobby area.
- 3) There will be a 100% charge for Rental equipment cancelled 5 days or less prior to the first day of event.
- 4) There will be a 50% charge of the standard rate for Internet and Telecommunications services cancelled after show set-up has begun. No adjustments will be made after show closing.
- 5) Additional service and labor charges may be assessed for installation. Rates include all applicable taxes.
- 6) All material and equipment furnished by RES Telecommunications provider shall remain the property of RES Telecommunications provider and shall be removed only by RES Telecommunications personnel at the close of the show and/or event. Failure to return furnished equipment shall result in a charge equivalent to the replacement cost of the furnished equipment.
- 7) Booths requiring more than 30 ports require private T-1 service.

## RES TELECOMMUNICATIONS RESPONSIBILITIES

- 1) RES Telecommunications will provide standard 10/100 Ethernet connections with station adapter connectors to each computer as determined by RES Telecommunications technical staff.
- 2) The client will be issued a valid TCP/IP address for each basic connection.
- 3) The client will be issued appropriate TCP/IP settings for dedicated service.
- 4) Due to the nature of the Internet, RES Telecommunications cannot guarantee any level of security, performance or accessibility beyond our gateway.
- 5) The choice of the Internet Service Provider (ISP) is at the sole discretion of RES Telecommunications. If the client requires that a specific vendor provide these services, arrangements must be made twelve (12) weeks before move-in.
- 6) Client requests for special services will be accommodated, but may incur charges beyond the standard Internet connections.

## CLIENT RESPONSIBILITIES

- 1) At no time, will the client connect a DHCP server to the Convention Center Network.
- 2) The client must provide a list of all required connections, containing exact location (exhibit booth number, meeting room number, etc.).
- 3) If not renting, the client must provide the node equipment (personnel computer, etc.) properly configured, as well as a standard Ethernet adapter card, rated for 10 Mbps, 10/100, RJ45 connection.
- 4) If not renting, the client is responsible for the proper configuration of computing machinery and software for the Internet and Ethernet communications. RES Telecommunications will provide client with basic configurations.
- 5) The client is responsible for all services outside of basic Internet connectivity. This includes e-mail services, ftp services, web servers, etc.

## LIMITATION OF LIABILITY

In no event shall RES Telecommunications be liable to the client or to any other party for special, collateral, exemplary, indirect, incidental or consequential damages, whether such damages occur either prior or subsequent to, are alleged as a result of, tortious conduct, failure of the equipment of services of RES Telecommunications or breach of any of the provisions of the agreement, regardless of the form of action, whether in contract or in tort, including strict liability and negligence, even if RES Telecommunications has been advised of the possibility of such damages, or for any damages caused by the clients failure to perform his/her responsibilities. Such excluded damages include, but are not limited to, loss of profits, loss of use or interruption of business, or other consequential or indirect economic loss. RES Telecommunications is not responsible for any Internet security breaches before or beyond our gateway.

For customer services such as private LAN connectivity and special configurations or equipment not listed above please call for quote. Assigned IP Address (address will be confirmed once order is placed.) Technical assistance will be offered at a rate of \$75.00 per hour, straight time. Overtime is \$150.00 per hour.

Projectionist, Stagehand and Stagehand Riggers - Call Anton Eleazar for Quote 847-993-4816

**TERMS AND CONDITIONS**

When ordering labor, please be aware of the following:

- 1) This advance labor request will be considered as only a reservation for labor.
- 2) On the day and time that you require labor, you must go to the Labor Service Desk and pick up and sign out your labor crew.
- 3) The labor crew will not be sent to your booth without being signed out.
- 4) Upon completion of their work, you MUST return the laborers to the Labor Service Desk and sign them in.
- 5) All labor is billed at one-half hour minimum for each man.
- 6) Number of workers required will be determined by labor foreman.
- 7) Straight time is 8:00 am to 4:30 pm weekdays, for Carpenters, Decorators, Teamsters and Riggers, and 8:00 am to 4:00 pm weekdays for electricians and plumbers.
- 8) Please contact RES or see Service Center for a breakdown of the overtime/double time schedules.

State of Illinois legislative changes have modified work rule jurisdictions and wage scale schedules in the Chicagoland area. There are seven major unions that have some jurisdiction in the Chicagoland area. The following guidelines will help you in preparing your exhibit to understand these jurisdictions.

## WHAT AN EXHIBITOR CAN DO WITHOUT UNIONS IN THE CHICAGOLAND AREA

Chicagoland work-rules modifications now enable exhibitors to perform several set-up tasks which in the past were under union jurisdiction. Each of these are itemized below, and must be completed by full-time employees of the exhibiting company.

- 1) Exhibitors may set up and dismantle their own booth displays, as well as the various tasks outlined below, provided the work is being done by full time employees of the exhibiting company. No outside workers are permitted to provide set-up and dismantle services unless they are members of a Chicagoland Carpenter Union Local with valid trade show jurisdictions. Proof of employment for exhibiting company shall be required.
- 2) Exhibitors may use hand tools and power tools to perform work within their booths.
- 3) Exhibitors may affix clamp-on lights to the top of their booth displays.
- 4) Exhibitors may calibrate and do repair work on internal circuit boards, and do interconnecting of peripheral computer equipment.
- 5) Exhibitors may do the connection of lighting, video equipment and light bulbs to an electrical outlet when the outlet has been ordered by the exhibitor.
- 6) Exhibitors may hang pictures, graphics, logos, etc. onto a backwall display when such items are designed to be affixed by pre-set velcro strips, permanently mounted hooks, or snaps.
- 7) Exhibitors may hand carry small packages, pop-up displays and desktop computer equipment provided it can be done without the use of a fork-lift, flat cart or dolly, only from a designated parking area.
- 8) Exhibitors may inflate balloons.
- 9) Video taping may be done by exhibitors within the confines of their own booths using equipment owned or rented by the exhibiting company, provided such taping does not conflict with show management regulations, and does not require tools or ladders.
- 10) Exhibitors may un-pack, re-pack and set out their own product line within the booth for display purposes.

## CARPENTERS UNION

Carpenters handle the erection and dismantling of display and exhibit booths. This includes all display work with the exception of machinery, signs or lighted headers, unless the sign or header is a permanently attached part of the display. Carpenters also create machines for outbound loading. Millwrights, a division of the carpenters union, handle the assembly and the leveling of machinery, as well as the attachment of all guards and shields.

## DECORATORS UNION

Decorators handle the installation of signs, drape background, table skirting, and all other items of decorative nature that must be done after a display background is erected.

## ELECTRICAL UNION

Electricians handle all electrical work, which includes supplying power lines to your booth, connecting equipment to the proper outlets, installing any signs or headers that are lighted, unless they are permanently attached to the exhibit backwall, and the running of cable within the exhibitors booth.

## MACHINERY MOVERS & RIGGERS UNION

Riggers handle all machinery. This includes the unloading of the machines from the trucks, moving the materials to your booth, and a one-time spotting of display ready equipment, which the exhibitor must supervise at the time of unloading. Riggers also remove skids and reskid machines, uncrate machines, and respot machines in the booth if needed. This service must be ordered as needed, at exhibitor's expense.

## PLUMBERS UNION

Plumbers handle all plumbing work such as compressed air, water/drain, or natural gas.

## TEAMSTERS UNION

Teamsters handle all freight inside the exhibit hall. They unload all trucks or vehicles, deliver the materials to your booth, and remove and reload materials at the close of the show.

## THEATRICAL STAGEHANDS & STAGEHAND UNION

Stagehands assemble portable lighting and sound systems as well as picture screens 10' x 14' in size and larger. They also operate lighting and sound consoles, and hang lighting trusses and speaker systems.

## PROJECTIONISTS UNION

Projectionists handle all equipment used for projection of images on a screen or surface.

**Hanging of signs, both electrical and non-electrical, is permitted at the Donald E. Stephens Convention Center provided that doing so complies with show management rules and regulations. Exhibitors must adhere to all of the following conditions and limitations listed below:**

- 1) The top of a sign may not exceed the height limitation specific to the booth location and show regulations.
- 2) All hanging signs must be sent to RES warehouse, using the hanging sign shipping label included in this exhibitor service manual by the specified deadline date.
- 3) The total weight limit of the sign or materials is not to exceed 1500 lbs. unless approved by RES and the Donald E. Stephens Convention Center.
- 4) All signs, regardless of size, should be constructed of lightweight metals and plastic to allow greater flexibility and ease of installation.
- 5) The final placement of all hanging signs shall be determined by RES prior to installation to ensure minimum stress to the supporting framework.
- 6) No signs are to be hung from any electrical fixtures, raceways, gas, air, fire protection piping, supports or hangers.
- 7) All electrical and neon signs must conform to electrical codes of the Village of Rosemont.
- 8) RES Decorators are responsible for all hanging signs. RES will pre-assemble and hang all signs. No carpenter labor through a display house will be allowed to assemble any hanging sign.
- 9) Set-up instructions must be included with the Hanging Sign Order Form and with the sign crates.
- 10) Because of the structure of the ceiling and the location of exhibits in relation to support beams, the hanging sign may have to be moved from the original specifications.
- 11) Exhibitor personnel or display house may supervise on your behalf. Exhibitors who do not provide supervision (either company personnel or display house) agree to accept the charges for time, materials and equipment as determined by RES.
- 12) You are required to make arrangements prior to move-out for the outbound dismantling, packing and shipping of your hanging sign. RES cannot be held liable for damages or misplacement of sign(s) should outbound dismantling arrangements not be made. All pertinent information and arrangements must be given to the RES Service Center .

Use diagram below to represent the booth space. Indicate how far from each boundary you would like your sign. The ceiling structure and relation to support beams may require your sign to be moved from your specified location. On signs other than banners, include drawings or blueprints with detailed information so hanging anchor points can be determined. There will be additional labor charges if a hanging sign has to be moved once it has been suspended based on location indicated by the diagram provided by the exhibiting company or display house.
