All material and equipment furnished by the Donald E. Stephens Convention Center will remain the property of the Authority. Toxic gases and objectionable odors must be properly vented. Additional material & labor will be charged accordingly. No L.P. gas, oxygen, or hydrogen will be permitted within the facility without prior approval of the Authority and the Rosemont Fire Department. Prices are based upon the service requested being located in the designated utility areas. Exhibitor should confirm his order upon arrival at the Exhibitor Service Desk. Air fittings are Parkers Series 20.

## PLUMBING SERVICE RATES

All work done after 4:00 p.m. Monday thru Friday and all day Saturday & Sunday will be charged at the double time rate.  
Minimum charge of 1/2 hour for all work done. Straight Time: \$125.00/hr • Double Time: \$250.00/hr.

### COMPRESSED AIR

Exhibitor should supply own regulating filter or other equipment to handle moisture or water in air line. Service includes main drop and dismantle of main line. Compressors run during set-up Mon-Fri 8-4 and all show hours. If 24 hour service is required, please contact customer service for a quote.  
ALL DROPS ARE FROM THE CEILING.

All water fills and pump outs will be completed by the D.E.S. plumbing department. Plumbing labor to fill tank(s) will not be dispatched without the exhibitor notifying the R.E.S. Service Center that tanks are completely set up and ready for filling. When a D.E.S. plumber has completed filling the tanks, you will automatically be placed on the "Pump Out List". Under no circumstances should you drain and dump the water. **Fill and drain rates listed out include fills on straight time only.** Fills after 4:00 pm, weekdays, holidays and anytime on weekends, will incur an additional labor charge. Additional labor will not be charged for post show draining. Multiple units in the same booth, filled at the same time, will be charged based on the total combined gallons used. Draining and refilling during set up and/or show hours will incur additional charges for water and labor.

Projectionist, Stagehand and Stagehand Riggers - Call Anton Eleazar for Quote 847-993-4816

### TERMS AND CONDITIONS

When ordering labor, please be aware of the following:

- 1) This advance labor request will be considered as only a reservation for labor.
- 2) On the day and time that you require labor, you must go to the Labor Service Desk and pick up and sign out your labor crew.
- 3) The labor crew will not be sent to your booth without being signed out.
- 4) Upon completion of their work, you MUST return the laborers to the Labor Service Desk and sign them in.
- 5) All labor is billed at one-half hour minimum for each man.
- 6) Number of workers required will be determined by labor foreman.
- 7) Straight time is 8:00 am to 4:30 pm weekdays, for Carpenters, Decorators, Teamsters and Riggers, and 8:00 am to 4:00 pm weekdays for electricians and plumbers.
- 8) Please contact RES or see Service Center for a breakdown of the overtime/double time schedules.

State of Illinois legislative changes have modified work rule jurisdictions and wage scale schedules in the Chicagoland area. There are seven major unions that have some jurisdiction in the Chicagoland area. The following guidelines will help you in preparing your exhibit to understand these jurisdictions.

## **WHAT AN EXHIBITOR CAN DO WITHOUT UNIONS IN THE CHICAGOLAND AREA**

Chicagoland work-rules modifications now enable exhibitors to perform several set-up tasks which in the past were under union jurisdiction. Each of these are itemized below, and must be completed by full-time employees of the exhibiting company.

- 1) Exhibitors may set up and dismantle their own booth displays, as well as the various tasks outlined below, provided the work is being done by full time employees of the exhibiting company. No outside workers are permitted to provide set-up and dismantle services unless they are members of a Chicagoland Carpenter Union Local with valid trade show jurisdictions. Proof of employment for exhibiting company shall be required.
- 2) Exhibitors may use hand tools and power tools to perform work within their booths.
- 3) Exhibitors may affix clamp-on lights to the top of their booth displays.
- 4) Exhibitors may calibrate and do repair work on internal circuit boards, and do interconnecting of peripheral computer equipment.
- 5) Exhibitors may do the connection of lighting, video equipment and light bulbs to an electrical outlet when the outlet has been ordered by the exhibitor.
- 6) Exhibitors may hang pictures, graphics, logos, etc. onto a backwall display when such items are designed to be affixed by pre-set velcro strips, permanently mounted hooks, or snaps.
- 7) Exhibitors may hand carry small packages, pop-up displays and desktop computer equipment provided it can be done without the use of a fork-lift, flat cart or dolly, only from a designated parking area.
- 8) Exhibitors may inflate balloons.
- 9) Video taping may be done by exhibitors within the confines of their own booths using equipment owned or rented by the exhibiting company, provided such taping does not conflict with show management regulations, and does not require tools or ladders.
- 10) Exhibitors may un-pack, re-pack and set out their own product line within the booth for display purposes.

### **CARPENTERS UNION**

Carpenters handle the erection and dismantling of display and exhibit booths. This includes all display work with the exception of machinery, signs or lighted headers, unless the sign or header is a permanently attached part of the display. Carpenters also recreate machines for outbound loading. Millwrights, a division of the carpenters union, handle the assembly and the leveling of machinery, as well as the attachment of all guards and shields.

### **DECORATORS UNION**

Decorators handle the installation of signs, drape background, table skirting, and all other items of decorative nature that must be done after a display background is erected.

### **ELECTRICAL UNION**

Electricians handle all electrical work, which includes supplying power lines to your booth, connecting equipment to the proper outlets, installing any signs or headers that are lighted, unless they are permanently attached to the exhibit backwall, and the running of cable within the exhibitors booth.

### **MACHINERY MOVERS & RIGGERS UNION**

Riggers handle all machinery. This includes the unloading of the machines from the trucks, moving the materials to your booth, and a one-time spotting of display ready equipment, which the exhibitor must supervise at the time of unloading. Riggers also remove skids and reskid machines, uncrate machines, and respot machines in the booth if needed. This service must be ordered as needed, at exhibitor's expense.

### **PLUMBERS UNION**

Plumbers handle all plumbing work such as compressed air, water/drain, or natural gas.

### **TEAMSTERS UNION**

Teamsters handle all freight inside the exhibit hall. They unload all trucks or vehicles, deliver the materials to your booth, and remove and reload materials at the close of the show.

### **THEATRICAL STAGEHANDS & STAGEHAND UNION**

Stagehands assemble portable lighting and sound systems as well as picture screens 10' x 14' in size and larger. They also operate lighting and sound consoles, and hang lighting trusses and speaker systems.

### **PROJECTIONISTS UNION**

Projectionists handle all equipment used for projection of images on a screen or surface.

**Hanging of signs, both electrical and non-electrical, is permitted at the Donald E. Stephens Convention Center provided that doing so complies with show management rules and regulations. Exhibitors must adhere to all of the following conditions and limitations listed below:**

- 1) The top of a sign may not exceed the height limitation specific to the booth location and show regulations.
- 2) All hanging signs must be sent to RES warehouse, using the hanging sign shipping label included in this exhibitor service manual by the specified deadline date.
- 3) The total weight limit of the sign or materials is not to exceed 1500 lbs. unless approved by RES and the Donald E. Stephens Convention Center.
- 4) All signs, regardless of size, should be constructed of lightweight metals and plastic to allow greater flexibility and ease of installation.
- 5) The final placement of all hanging signs shall be determined by RES prior to installation to ensure minimum stress to the supporting framework.
- 6) No signs are to be hung from any electrical fixtures, raceways, gas, air, fire protection piping, supports or hangers.
- 7) All electrical and neon signs must conform to electrical codes of the Village of Rosemont.
- 8) RES Decorators are responsible for all hanging signs. RES will pre-assemble and hang all signs. No carpenter labor through a display house will be allowed to assemble any hanging sign.
- 9) Set-up instructions must be included with the Hanging Sign Order Form and with the sign crates.
- 10) Because of the structure of the ceiling and the location of exhibits in relation to support beams, the hanging sign may have to be moved from the original specifications.
- 11) Exhibitor personnel or display house may supervise on your behalf. Exhibitors who do not provide supervision (either company personnel or display house) agree to accept the charges for time, materials and equipment as determined by RES.
- 12) You are required to make arrangements prior to move-out for the outbound dismantling, packing and shipping of your hanging sign. RES cannot be held liable for damages or misplacement of sign(s) should outbound dismantling arrangements not be made. All pertinent information and arrangements must be given to the RES Service Center .

Please Mail, E-mail or Fax Completed Form to RES:

Approx. Hours                      Hourly Rate                      Total Estimate

**DISMANTLE ESTIMATE**

\_\_\_\_\_ X \_\_\_\_\_ = \_\_\_\_\_  
Approx. Hours                      Hourly Rate                      Total Estimate

**PLACEMENT DIAGRAM**

Use diagram below to represent the booth space. Indicate how far from each boundary you would like your sign. The ceiling structure and relation to support beams may require your sign to be moved from your specified location. On signs other than banners, include drawings or blueprints with detailed information so hanging anchor points can be determined. There will be additional labor charges if a hanging sign has to be moved once it has been suspended based on location indicated by the diagram provided by the exhibiting company or display house.
