

Dear h+h americas 2026 Exhibitor,

We are excited that you will be joining us for h+h americas 2026 and look forward to working with you in preparation for a successful show. Throughout the process, our goal is to ensure clear communication, transparency, and ongoing support, along with opportunities for consultation to help you get the most out of your investment.

Within this Exhibitor Services Manual you will find essential guidelines, deadlines, order forms, and other important information regarding booth furnishings, equipment rental, graphics, and shipping. We encourage you to review carefully and take advantage of early-order discounts. You can also use our **Exhibitor Portal** to keep you on track. The portal consolidates key deadlines, action items, documents, and resources in one place, making it easier to manage your show preparations.

Important Note: *If you are exhibiting at both h+h americas and Fiber+Fabric Craft Festival, you must place orders using the order forms for each show. Please make sure to also check the special [Freight Program](#) under “Information from Show Management” regarding moving your items from Fiber+Fabric Craft Festival to h+h americas.*

In addition to the manual and exhibitor portal, please join our monthly [Exhibitor Roundtables](#) on the **third Wednesday of each month on the h+h Connect platform**. This is a unique forum designed for you to hear show updates, ask questions about planning and exhibiting, and learn about additional resources. Take this opportunity to tap into best practices from show staff, official contractors, and fellow exhibitors.

We are committed to making h+h americas 2026 a positive and rewarding experience. If you have questions or need guidance, please reach out to our Show Services Team at services@koelnmesse.us.

Your h+h americas Team,

Darrin Stern
President & Managing Director
